

# JLM Performance Shampoo & Foam Cleaner

## 750ml

*Hard on Dirt, Gentle by Design*

JLM Performance Shampoo & Foam Cleaner delivers a deep-cleaning wash with rich suds and high foaming action—ideal for both manual washing and foam lance application. Designed for professional results with a sustainable edge, this pH-neutral shampoo lifts dirt, grime, and grease without compromising waxes, sealants, or the environment.

Perfect for workshops, professional detailers, and car enthusiasts alike, JLM Snow Shampoo & Foam delivers outstanding cleaning performance without compromise. The formula works effectively even in cold water and contains no volatile solvents, making it safe for your vehicle, gentle on your hands, and better for the environment. Its biodegradable composition ensures responsible use without sacrificing cleaning power.

### Benefits

- **High-foaming formula lifts dirt and grime**
- **Safe for waxes, sealants, and coatings**
- **Biodegradable and eco-friendly**
- **Effective even in cold water**
- **Suitable for hand wash and foam lance**

The high-foaming formula produces thick, luxurious suds that cling to the surface of the vehicle. These rich foams lift dirt and traffic film safely away from the paintwork, allowing for a thorough and scratch-free wash. Whether used by hand or with a foam lance, the shampoo provides excellent coverage and consistent results.

JLM Snow Shampoo & Foam is developed with environmental responsibility in mind. It is both readily and anaerobically biodegradable according to OECD 301 B and OECD 311 standards, making it an ideal choice for environmentally conscious drivers and professionals who want high performance with reduced environmental impact.

Free from aggressive solvents, the shampoo is safe for all existing protective layers. It cleans effectively without stripping wax, polish, or ceramic coatings, helping to maintain long-lasting protection and a flawless finish. Thanks to its strong performance in low temperatures, it can be used reliably throughout the year, regardless of the season.

**Recommended for:** Workshops, professional detailers, and car enthusiasts seeking a safe, high-foaming shampoo for effective year-round vehicle cleaning, even in cold water.

### How to use:

Manual Bucket Wash (1:200 dilution)

1. Add 25 ml of shampoo to 5 litres of water.
2. Use a soft sponge or wash mitt to apply from top to bottom.
3. Rinse thoroughly for a streak-free, clean finish.

Foam Lance (1:5 dilution)

1. Mix 200 ml of shampoo with 1 litre of water in the foam lance reservoir.
2. Apply evenly with a pressure washer, let the foam dwell for 2–3 minutes.
3. Agitate if needed, then rinse thoroughly.
